

# INDEX TO VOLUME 175, JULY — DECEMBER, 1946

## — A —

Abrasion, reducing tool	180
Accident costs, indirect	79
ADHESIVE, cold-run liquid	183
foil	82
gap-filling	9
metal-to-metal	8
Advertising, value of	52
Aerial advertising, blimps for	244
AIR detects casting flaws	277
disinfection	204
filters, glass	175
hammer, descaling	275
AIR CONDITIONING and cleaning	104
draft control in	27
in railroad cars	224
AIRPLANE-auto combination	208
cabins, quieter	163
comfort, requirements of	165
cowling	122
flying wing	165
Globemaster cargo	122
laboratory	75
noise, sources of	255
sound-proofing	74
swept-back wing	210
AIRPLANES, mass-produced	120
new ideas for private	208
safer private	15, 72
single control	208
Airport maintenance, helicopters for	75
Alloy, electrical contact	84
Aluminized steel	56
ALUMINUM, copper-coated	11
freight container	37
heat transfer units	260
paint	228
panels, plastics backed	216
panels, structural	83
progress of	148
toys	182
vs copper price	152
Anti-foam agent, silicone	33
Artificial limbs	125
ATOMIC POWER, cost of	175
plant	125
plant possibilities	261
Automobile bodies, welding	145
AVIATION laboratory	75
noise nuisance	255
production methods	75

## — B —

Bag sealer	273
Ball grader, automatic	175
Barrel loader	274
Battery, extra water capacity	231
BEARINGS, automatic grader for	175
miniature anti-friction	38
spherical roller thrust	37
Bit, expansion power driven	226
Blasting bags	265
Blimps, uses of	244
Blind rivet, hollow	278
Boilers, welded locomotive	129
Bottles, leak-proof plastics coated	35
BRAKE, controllable tension	130
metal-forming	226
Brand names, value of	52
Brass cleaner	273
Brazing alloys, silver	230
BUILDING codes, need for improved	222
construction, steel farm	271
Buses, future	271
Bushings, anti-friction reciprocating	17
Business, big and little, interrelated	244

## — C —

Caliper, rigid	40
Cans, conical, for stacking	177
Capacitors, foilless	23
Cargo airplane	122
CASTING flaws, air detects	277
resin, Plastitol	40
Cemented carbide tool inserts	180
Ceramic-coated steel	260
Chemicals from wood	18
Chemists, work of women	269
Chromium plated piston rings	113
Chuck, speed	179
Circle cutting tool	32
Clothing, acid resistant	134
COAL acids in plastics	204
burning underground	264
Coal-burning turbine, powdered	76
Coffee roasting, electronic	65
Coin-changer, automatic	272
Color chip manual	174
Communication, plant-truck	213
Comparator, dial	176
Compression distillation	153
CONCRETE form spreaders, oiled	14
research on	100

Conducting coating for glass	275
Contact-face alloy	84
Conveyor-trolley, ball-bearing	79
Cooling, precision	104
Copper-bearing steel	56
Copper-coated aluminum	11
Copper vs aluminum price	152
Cord, non-tangling appliance	272
CORROSION, reducing tank	135
resistant film	35
COTTON, new uses for	244
yarn, coiled elastic	279
Counter, precision electronic	254
Coupling, flexible	133

## — D —

Dark, seeing in the	21
DDT concentrate	127
formulas	79
use of	223
De-burring tool	182
Decimal conversion chart	181
Depreciation, machine tool	52
DESCALING hammer, air	275
steel	200
Detergents, synthetic	57, 277
Dial comparator	176
DIESEL fuel-injection system	68
parts washing	222
power use, increase of	100
Dilatometer, recording	177
Disinfectant, chlorine	89
Disk inspection, ruled lines aid	178
Dissolving machine, high speed	274
Distillation compression	153
Draft control in air conditioning	27
Drill, heavy-duty air	178
Dryer, print	272
Dynamometers, small	34

## E —

ELECTRIC generator, heat-operated	65
motor, compact high-speed	36
motor, stamped parts for	200
motors, one minute	8
space heater	272
ELECTRONIC counter, precision	254
detection of metals	110
metal sorting	169
Electropolishing	137, 197
Electrostatic painting	252
Engine block, die-cast	56
Extrusions, metal, by impact	111

## — F —

FABRIC, acid resistant	134
elastic cotton	279
shrink-proof rayon	59
FABRICS, chemically treated	270
plasticizer for coated	168
plastics, automobile	251
Factory paints, selecting	123
Fan, window circulating	39
Fiberglass, new uses of	248
FILE, disk	233
inspection	226
Filters, glass air	175
FIRE detector, sensitive	254
extinguisher, Freon	204
hazards in plastics	201
Flame cutting distortion prevented	224
Floor cleaner	176
FLUORESCENT lamp, film for	226
light, portable	82
lighting, engineered	172
Fluorine, commercial production of	264
FLYING, easier private	15
rules, new	17
safer private	72
Foods, future of frozen	100
Freight container, aluminum	37
Freon as fire extinguisher	204
Frozen foods, future of	100
Fruit counter, electrical	230
FUEL filter	86
injection, Diesel	68
oils, improved	66
Fuels, synthetic	219
Fuse pulling tool	277

## — G —

GAGE, dial snap	275
dial type marked in decimals	89
wire plug	134
GAS detectors	83
impurities, detecting	39
turbine power plant	127
GENERATOR, heat-operated electric	65
voltage regulator	279

Geophysical prospecting, aerial	80
Germicides from wild ginger	264
Ginger, germicides from wild	264
GLASS, coating conducts electricity	275
fibers, new uses of	248
protractor	85
Gliders delivered by air	122
GLUE, cold-run liquid	183
gap-filling	70
in insulating board	20
Grease-gun loading	136
Greases, multi-purpose	166

## — H —

Hammer, air-operated descaling	275
Hand trucks, light magnesium	231
Hardness testing, production line	248
Hearing aid cell holder	85
HEAT, emergency source of	36
for industry, oil	217
transfer equipment	260
HEATER, electrical space	272
high frequency	274
Heaters, oil burning space	244
HEATING, methods of industrial	69
radiant	30
tests, home	128
units, small	148
Helicopters for airport maintenance	75
HELIUM finds vacuum leaks	23
shielded arc welding	29
Home heating tests	128
Horsehoes heated electronically	171
Humidity recorder, ink as	176
Hydraulic rams, uses of	207

## — I —

Icaroscope	269
Impact extrusions	111
Induction heater, dual purpose	274
Infra-red, sight by	21
Ink, humidity responsive	176
Inks for rubber	227
Insect repellent (d-Ter)	86
INSECTICIDE, concentrated DDT	127
new DDT	79
INSULATING board, glue in	20
compound melting tanks	34
Insulation, water pipe	184
Insulators, mica-ceramic	183

## — J —

Jigs, box	185
-----------	-----

## — K —

Kleinschmidt compression-distillation	153
---------------------------------------	-----

## — L —

Lacquer, translucent auto	82
Laminates, high pressure plastics	249, 251
LAMP, bactericidal	178
hand incandescent	181
portable fluorescent	82
Latex, natural and synthetic	100
LATHE, automatic conversion	176
tools, rigid	34
vacuum-grip speed	130
Letter stamper	184
Level indicator, dial	276
Lighting, engineered fluorescent	172
liquid level gage, electronic	23
Locomotive, coal-burning turbine	76
Locomotives, mass-production of	196
Looms, electronic control for	211
Loupe, head band	77
LOW-TEMPERATURE machining	104, 128
parts fitting	128
Lubricant, stopcock	178
Lubricants, multi-purpose	166
Lubricating oil, re-refining	274
Luminous dots	273

## — M —

MACHINE design, weldments in	245
tool depreciation	52
Machining, low temperature	104
MAGNESIUM, anodized	107
dampens vibration	152
hand truck	231
unlimited	53
Magnets, non-metallic	20
Magnifier, head band	277
Marker, roller conveyor	278
Materials, finding best	148
Mechanical limits, philosophy of	207
Melting tank for insulating compounds	34

# METAL, color indicates temperature.

polishing, electrical.	137, 197
rods, tungsten carbide.	268
sorting, electronic.	276
Metal-economics, future of.	258
Metal-to-metal adhesives.	8
Metalized paper condensers.	23
METALS, electronic detection of.	110
future possibilities of.	258
uniform powdered.	200
Mica-ceramic insulators.	183
Microbes, counting, in air.	126
Microscopy, phase.	224
Moisture lens antenna.	29
Moisture meters, uses of.	205
Molds, silicone oil for.	272
Moon radio.	31
MOTOR buses, future.	271
parts, stamped.	200
Motorcycle trailer.	270
MOTORS, compact high-speed.	36
one-minute electric.	8
stamped parts for electric.	200
Murals, edge-lighted plastics.	268

## - N -

Noise, airplane.	255
Nuclear knowledge, growth of.	261
Nut, sealing.	276
Nylon rope.	228

## - O -

OIL additives.	68
burner combustion heads.	244
burning space heaters.	4
cottonseed, extraction of.	217
heat for industry.	66
improved fuel.	36
lines, long-life resin.	80
prospecting, aerial.	32
removing salts from.	274
re-refining.	14
search, east coast.	119
OILS, detergent, not for outboards.	219
synthetic.	119
Outboard engines, oil for.	34
OVEN, draw-type industrial.	182
temperature control.	264
OXGEN burns coal underground.	101
industrial uses of.	203
Oyster shells, plastics.	

## - P -

PACKAGING, waxes for.	117
with plastics.	60
PAINT, aluminum.	228
anti-barnacle plastics.	31
industrial uses of.	123
spray booths, oil for walls of.	168
Painting, electrostatic.	252
Paints, silicone.	195
PAPER, grease-proof.	118
high wet strength.	265
mill slime controlled.	156
waxed.	119
Particle size, light measurement of.	20
PATENT monopolies.	148
office, reduced efficiency of.	100, 196
PETROLEUM by-products.	12
waxes from.	117
Phonograph pick-up, vacuum tube.	37
Photocopy exposure chart.	86
Photoelectric switch.	23
Photometer, X-ray.	133
Photoprint dryer.	272
Pilot plants, new model.	148
Pipe insulation.	184
Piston-ring oiling.	219
Piston rings, chromium plated.	113
Planer, rotary.	228
Plaster-plastics combination.	204
Plasticizer for coated fabrics.	168
PLASTICS auto door and seats.	62
bonding.	114
candy color matching with.	26
coal acids in.	204
coated bottles, leak-proof.	33
coated fabrics.	214
coating, dip.	137
combined with plaster.	204
cosmetic bag.	62
dust pan.	116
edge-lighted transparent.	268
excavator cab window.	162
expanded.	26
extrusion machine.	1
fabrics, monofilament.	88
film slide box.	116
fire hazards of.	201
glass sheets.	229
heat-sealing of.	52
high pressure.	249
hinges.	216
ice-cube tray.	162
instruction kit.	270
joining.	114
laminated.	160
laminates, high pressure.	249

machine parts of.	228
murals.	268
packaging with.	60
paint, anti-barnacle.	31
panels, aluminum faced.	216
pin-ball machine.	24
press, pre-forming.	36
rocking-horse.	62
sales appeal of.	24
sealing, electronic.	171
temperature range, wide.	52
thermoplastic, modified.	32
two-material laminates.	251
valve seats.	8
windshields.	129
Plated piston rings.	113
Polishing metals electrically.	137, 197
Porcelain enamel, high-temperature.	148
Pour point, raising oil.	68
Powdered metals, uniform.	200
Power, Diesels for stationary.	100
PRE-FABRICATED HOUSES, cost of.	196
shortage of.	4
PRESS, bench production.	230
pre-forming plastics.	36
PRESSURE indicator, electronic.	132
vessels, welded.	152
PRIVATE FLYING, new ideas for.	208
safer.	72
Private planes, mass-produced.	120
Processes must mature.	5
Production techniques, aircraft.	159
Productivity vs strikes.	196
Protractor, glass.	85
Pumps, automatic priming.	232

## - R -

Rack, materials.	82
Radar, marine.	23
Radiant heating.	30
Radiators, improved industrial.	260
RADIO facsimile.	148
microwaves, focusing.	29
set wiring, printed.	63
to moon.	31
Rafters, pre-fabricated.	179
RAILROAD CARS, air conditioning in.	224
light-weight stainless steel.	30
plastics in.	251
Ramie, progress of.	52
RAYON, fast-color.	229
production.	100
shrink-proof.	59
Reamer, rigid.	88
Rectifier, small selenium.	254
Refrigeration, industrial uses of.	223
RESEARCH departments, "unnamed".	148, 157
Kettering, definition of.	196
oil company.	148
right to fail in.	148
trends.	148
Resin, Plastitool casting.	40
RIVET, hollow blind.	278
steel-aluminum.	113
Rope, nylon.	228
RUBBER, colored.	203
inks for.	227
latex, natural and synthetic.	100
production, synthetic.	244
synthetic, cost of.	4
Rutin, drug from buckwheat.	59

## - S -

St. Elmo's fire foiled.	110
SAW blade, spiral toothed.	82
lubricator, band.	176
tile and brick.	181
Scientists in politics.	4
Scissors sharpener.	228
Scrap metals, melting.	71
SCREW DRIVER, torque measuring.	130
wedge action.	273
Selenium rectifier, small.	254
Service tests, simulated.	149
Shaver holder.	41
Shoran maps, accuracy of.	110
Shrink fitting, cold.	128
Sight efficiency, testing.	84
SILICONE anti-foam agent.	33
oil for molds.	272
paints.	195
Silicones, properties of.	80, 105
SILVER brazing alloys.	230
solder base.	152
Slide fasteners, precision in.	254
Smoke detectors.	83
Sniperscope.	21
SOAP extender, liquid.	226
sudsless (Serox).	277
Soapless soaps.	57
Sodium ascorbate, vitamin C.	220
Solder base, silver.	152
Sound on wire.	244
Spirit level dial indicator.	276
STAINLESS STEEL hopper car.	30
wool.	71
Stamping machine, letter.	39, 184, 278
STATIC, aircraft.	210
eliminator, alpha ray.	30

STEEL, alumina.	56
aluminum rivets.	113
ceramic-coated.	260
copper-bearing.	56
decaling.	200
farm buildings.	222
titanium alloy.	11
wool, stainless.	71
Stencil brush, fountain.	133
Stethoscope, industrial.	132
Strikes affect production.	196
Sun, seeing against the.	269
Super-finishing.	159
Switch, photoelectric.	23

## - T -

Tachometer, electrical.	228
Tank corrosion, reducing.	135
Tantalum, new sources of.	260
Taps, less breakage in.	232
Teletype, shop uses of.	248
TELEVISION lens, Schmidt.	36
tubes, mass-produced.	171
Temperature changes, metals indicate.	268
Temperatures, measuring variations in.	126
Tensile testing, production line.	248
Tests, simulated-service.	149
Textile making, electronic control in.	211
TEXTILES, chemically treated.	270
elastic cotton.	279
fast-color rayon.	229
"felted".	4
monofilament plastics.	88
no-starch.	34
plastics coated.	214
Thermistors, precision temperature detectors.	126
Thermostat, small heavy duty.	276
Tin, conserving.	80
Tire changing rack.	272
Titanium alloy steel.	40
TOOL bits, pre-sharpened.	32
circle cutting.	32
tips, tungsten carbide.	182
Toys, aluminum.	128
Trailer, dump-truck.	204
Triethylene glycol bactericide.	38
TRUCK hoist, in-plant.	132
step, folding.	108
Tubing, electronic testing of.	276
Tungsten carbide rods.	241
TURBINE blades, inspecting.	127
generator, gas.	268
metals indicate temperatures.	76
powdered coal-burning.	132
stethoscope.	81
Turbines, standardized steam.	193
Turbo-generator, 43,750 KVA.	

## - U -

Ultra-violet lamp, bactericidal.	178
----------------------------------	-----

## - V -

Vacuum leaks, helium finds.	23
Valve seats, plastics.	8
VIBRATION dampened by magnesium.	152
isolating machine.	132
Viscosity index, depressing oil.	68
Visc jaw caps.	276
Vision testing equipment.	84
Vitamin C, sodium ascorbate.	220
Voltage regulator, generator.	279

## - W -

Watch, star time.	229
Waxes for packaging.	117
WELED locomotive boilers.	129
pressure vessels.	152
WELDER, electronically controlled spot.	174
miniature.	33
portable.	180
WELDING aluminum.	213
automobile bodies.	145
distortion prevented by arc.	224
head simplified.	227
horshoes electrically.	29
in machine design.	171
resistance.	245
rod, extruded.	56
Weldments, advantages of.	245
Wet strength paper.	265
Window, insulating.	130
Windshields, plastics.	129
Wind tunnel, versatile.	74
WIRE RECORDING, continuous.	131
progress.	244
Wiring, printed radio-set.	63
Women chemists, work of.	269
WOOD, chemical seasoning of.	148
chemically treated.	6, 8
distillation, products of.	18
rafters, prefabricated.	179
waste.	244

## - X -

X-RAY photometer.	133
2,000,000-volt.	225
